# ANNOUNCEMENT.

---

## THE COLLEGE.

PICKERING COLLEGE has been established by the Society of Friends for the purpose of educating young people of both sexes (irrespective of their religious denomination), and is conducted under the control of a committee of the Canada Yearly Meeting.

The College is located in the Village of Pickering, quite near the Pickering Station of the Grand Trunk Railway (twenty-four miles east of Toronto), and only five miles west of the Town of Whitby, and thus is easy of access from all points—east, west, and north.

The College buildings are beautifully situated in a healthy locality upon the summit of a gently-rising slope, and command an extensive view of the surrounding country and of Lake Ontario.

They are handsomely built of red brick and cut-stone facings, four stories in height. The main building has 106 feet frontage, and in it are the dining-room, school, class and lecture rooms, Principal's room, Superintendent's and Matron's rooms, and Teachers' parlors. The two wings extend over eighty feet back, and contain the Laboratory and the students' parlors and sleeping apartments. All the rooms are lofty and spacious, and will be heated this year by means of steam, which will render the College still more agreeable and healthy.

The beauty of the surrounding landscapes and the quiet of the village and country invite to studiousness, while the absence of many temptations peculiar to large towns and cities renders the place eminently safe for the residence of students removed from the watchful guardianship of home.

## DESIGN OF THE SCHOOL.

The object of Pickering College is to secure to its students as thorough an education as can be obtained outside of a university or of a professional school, and at the same time to surround them with all the moral influences and guarded care of a well-conducted home.

The qualification for entrance into the College is the same as that required for High Schools and Collegiate Institutes, but there are two preparatory classes for those not having passed the Entrance Examination.

The programme of studies for entered students is arranged with four main objects in view: First, to prepare students for passing the examinations annually held by the Department of Education, called the Intermediate Examination, or Examination for Third and Second Class Certificates; secondly, to prepare students for passing the Examination for First Class Certificates, and also University Examinations of Junior Matriculation, Senior Matriculation, and the Examination of the First Year; thirdly, to give a sound business education; and lastly, to afford thorough instruction in the fine arts—Music, Drawing and Painting.

## THE LOWER SCHOOL.

The Intermediate Examination, held annually in the month of July, has been instituted by the Department of Education, to facilitate the classification of students in the High Schools and Collegiate Institutes. As far as it goes it is the same as the Examinations for Non-professional Third Class and Second Class Teachers' Certificates, these examinations including more subjects and requiring higher percentages. A student may try the Intermediate alone, or, if he desire, be a candidate at the same time for a Non-professional Third Class Certificate.

A student intending to pass the Intermediate Examination, if qualified to enter the Second Form, may hope to do so at the end of one school year, though clever pupils often succeed in passing in a school half-year. But the better way is for every student to take at least one year after he is qualified to enter the Second Form.

Those not prepared to enter the Second Form may enter the First Form, in which are read portions of the usual subjects of the Intermediate Examination. A student who has an entrance certificate, or an equivalent qualification, should remain in this form at least one school year.

These two forms constitute the Lower School; and while no student in the Lower School will be compelled to attempt to pass the examination specified above, yet every student is recommended to do so; for apart from the stimulus and direction which the hope of passing such an examination naturally gives, there is the direct material advantage to the successful candidate, of a Government certificate of qualification, which is acknowledged by everybody. All students, therefore, whether intending to teach or not, are recommended to attempt this examination.

In the Lower School, in addition to the studies included in the above examination, Latin, Greek, French and German may be taken up by any student who desires to do so, either for passing a University Examination, or for any other purpose.

#### THE UPPER SCHOOL.

The Upper School comprises those students who, having an Intermediate Certificate, or an equivalent qualification, wish to read for some university or professional examination, or simply to continue usefully their school career.

It is earnestly recommended, however, that every student in the Upper School, not having a professional examination in view, will read for one of the University Examinations, or, if a lady, at least for the "Special Examinations for Women," which have been established by the University of Toronto. And this is recommended for a similar reason to the one assigned above in regard to students in the Lower School: that in addition to the incitement and direction to study which the purpose of passing such an examination gives, there is to the successful candidate the direct material advantage of a certificate of qualification recognized by everybody and valid for all time. Special attention is paid to candidates for the various Teachers' Certificates.

## PROFESSIONAL EXAMINATIONS.

Canada is a young country, and its people are essentially practical, and very many in wishing for an education have a direct aim in view, viz., that of entering one of the professions. Nearly all our professions require entrance examinations. It is an aim of Pickering College to prepare students for the examinations required for entrance into the professions, and to this end special classes are established for such examinations, and *no student is required to attend any classes, or prepare any work not bearing directly on the proposed examination*, so that the examination may be passed in the shortest possible time.

Among such professional examinations may be ennumerated that required for entrance into the Law Society, into the College of Physicians and Surgeons, those required for entrance into Knox College and similar institutions, into the School of Practical Science, the Royal College of Dental Surgeons, the Ontario School of Agriculture, that required by the Board of Examiners of Land Surveyors, etc., etc.

## EXAMINATIONS HELD IN THE COLLEGE.

(a) *The Entrance Examination to High Schools, the Intermediate Examination, and the Examinations for Third and Second Class Teachers' Certificates.*

(b) *University Examinations for Women.*—These examinations are held in the College by the University of Toronto, and the honour of passing them is much prized by lady students.

(c) *Examinations for Commercial Certificates.* (See pp. 11-13.)

(d) "*Written Examinations*" are held at intervals of three weeks, for the purpose of preparing students for writing at public examinations, and also in order to test the character of the work done by them in their studies. These examinations are held on Friday afternoons, commencing at half-past one o'clock, and last, as a rule, two hours. They are conducted, as far as possible, with all the carefulness and exactness of the public examinations held by the Education Department and the University. The papers are first read by the examiners; then the results and papers are overlooked by the Principal, who subsequently, before

the entire school, makes such remarks upon them as he may think proper. The results, arranged in alphabetical order, are then placed upon the bulletin-boards for reference.

#### COMMERCIAL FORM.

Many boys and young men are anxious to obtain a thorough business education without being forced to study those subjects required only for entrance into the learned professions. To meet this want, there has been established in Pickering College a *Commercial Form*, in which no student is required to take other subjects than Commercial Arithmetic, Book-keeping, Penmanship, Business Composition, and Commercial Geography. These subjects are taught so thoroughly that an industrious and attentive pupil, who has passed through the form, will be as competent to work in a counting-house or take charge of a set of books as it is possible to be without actual business experience.

In the past the Commercial Form has been one of the most satisfactory departments of the College. Students in it have made very creditable progress, and have attained results which quite justify the above statement.

Any student of the Commercial Form, who wishes to do so, may take up any other subject taught in the College.

#### PICKERING COLLEGE COMMERCIAL CERTIFICATES.

In order to test the character of the work done in the Commercial Form, and to give to meritorious students an opportunity of securing a fitting testimonial of their attainments in the studies pursued by them in the College, examinations are held in June and December, at which papers are set in the following subjects:—

- I. Business Forms and Business Correspondence.
- II. Theoretical Book-keeping.
- III. Practical Book-keeping.
- IV. Commercial Arithmetic.
- V. Mental Arithmetic.
- VI. Commercial Geography.
- VII. Dictation.
- VIII. English Grammar (practical).

IX. Penmanship. (Special importance will be attached to this subject.)

X. Phonography (optional).

In Commercial Arithmetic the limits will be:—Fractions, Common and Decimal; Percentage, Proportion, Currencies, Profit and Loss, Commission, Insurance, Duties and Customs, Average, Bankruptcy; Interest, with shortened methods of computing it; Partial Payments, Exchange, Stocks, Banking, Equation of Payments and Accounts, Account Sales, and Partnership.

Mental Arithmetic.—The simple rules, and ordinary business calculations.

Commercial Geography.—Dominion of Canada in detail. A general knowledge of the geography of Great Britain, its dependencies, and of the United States. The capitals, religions, forms of government, and exports of other countries. A detailed knowledge of Canadian railroads and waterways. The leading railroads and canals of the United States.

The following gentlemen have consented to act as Examiners for the examinations to be held in 1884-85:—

SEYMOUR R. EATON, Esq., Author of “Eaton’s Practical Grammar,” Toronto,  
*English Grammar.*

A. STEVENSON, Esq., B.A., Upper Canada College, Toronto,  
*Book-keeping.*

JAS. DAVISON, Esq., Mathematical Master, Guelph High School,  
*Commercial Arithmetic.*

C. F. MCGILLIVRAY, Esq., B.A., Head Master Fergus High School,  
*Commercial Geography.*

THOMAS BENGOUGH, Esq., Official Reporter for York County Courts,  
*Phonography.*

To receive a Certificate of the Second Class, 40 per cent. in each subject and 60 per cent. of the total must be obtained.

To receive a Certificate of the First Class, 60 per cent. in each subject and 75 per cent. of the total must be obtained.

*Fees*—Candidates for this Examination must pay, before writing, \$2 to the Principal, one-half of which will be returned to any who may fail to pass. This fee is to meet in part the expenses of the Examination.

Previous students may write for a Certificate by sending notice in writing to the Principal before the 1st of December or June. The fee must accompany the notice.

#### PHONOGRAPHY.

In the various avenues of business and professional life, perhaps no other knowledge is more advantageous to its possessor than that of being able to discard the tedious "long hand" method of writing for the far speedier system of "short hand." This is apart from the consideration that with many it is the means of earning a respectable livelihood.

Classes are under the charge of a competent and enthusiastic teacher. *Tuition Free.* Three classes were maintained up to the end of the school year.

#### PAINTING AND DRAWING.

In this department students receive instruction from the distinguished Canadian artist, Mr. Ed. S. Shrapnel, member of the Ontario Society of Artists, and Associate of the Royal Academy, Canada.

Classes are formed in pencil and crayon drawing, and in oil and water-color painting. During the past year excellent work was done by the art pupils, whose numbers and enthusiasm kept constantly increasing under the direction of the talented teacher.

#### MUSIC.

Pickering College affords facilities second to none for obtaining an advanced and thorough musical education. The department continues under the control of Mr. J. Davenport Kerrison, of

Toronto, an able and distinguished master, who is well known in his profession. The lady assistant is a competent teacher. The system of instruction is uniform, so that the progress of students is not retarded when advancement takes place.

A Choral Class, under the direction of Mr. Kerrison, is formed in connection with the College, and meets once a week. An opportunity is thus given of becoming acquainted with the theory of music, and good practice is obtained in sight reading and part singing, while special attention is given to voice culture. Private pupils receive careful training in vocal music. In order to cultivate purity and refinement of taste, the music studied is selected by the teachers.

Music pupils take their places in order every week upon the programme of the Literary Society, and by playing before their teachers and classmates, overcome nervousness, acquire confidence, and become habituated to performing before numbers.

The pianos used are new instruments, direct from the establishment of Nordheimer & Co.

#### DISCIPLINE AND CONDUCT.

The Superintendent and Matron, three Masters and two Governesses reside in the College.

Under the general oversight of the Principal, lady students are under the charge of the Governess, and male students under the charge of the House-master. The discipline of the College is strict, but, it is hoped, not severe. In addition to the lessons, recitations and lectures during the day, there are regular hours for study, morning and evening, under the supervision of teachers. After the "evening study" is over, no more study as a rule is permitted, except in the case of students whose age and general conduct warrant it, and to them the permission is given as freely as need be.

Severe, or even frequent, punishment of any sort will not be resorted to. Gross misconduct or violation of rules will be met by instant suspension, and, after investigation by the College Committee, by dismissal. Persistent misconduct, even of a trifling nature, will be similarly dealt with.

It is the hope of the Committee to fill the College with earnest students, who will do their work for its own sake. The idle and vicious, after a fair trial, will be got rid of.

The system of co-education of the sexes, judiciously pursued, is not only practicable, it is eminently advantageous. The daily association of young people in the presence of careful teachers is found to elevate decidedly the standard of their deportment and scholarship. Students have separate walks, grounds entrances and gymnasiums, and occupy separate tables in the dining-room. No communications are allowed, and the school-rooms, halls and apartments of the officers and teachers are so located as to separate completely the portion of the building occupied by the male students from that occupied by the lady students. Students meet socially only at the conversazione at the close of the weekly meeting of the Literary Society, when teachers are always present.

On Friday afternoons Conversations on Deportment are conducted by the Principal, which are attended by all the students on alternate weeks.

The experience of past years has shown that a fair standard of discipline can be obtained with but few arbitrary rules: that order being much superior which ensues from the observance of principles of conduct. It has been the aim of the officers of the school to implant and foster in students such principles of conduct as shall give good results, not in school merely, but in after-life. But it has also been found that such rules as are established should be strictly enforced.

In the Appendix will be found the more important rules and regulations relating to conduct and study, and it will be seen that these have been framed with the principal aim of obtaining from each student as faithful an employment of the time as is consistent with health and a fair amount of recreation. Parents can have every confidence that the most conscientious guardianship is exercised over students placed in the College.

## RECREATION.

The grounds about the College afford sufficient means of recreation. The main play-ground having become too confined for the increasing numbers who use it for the different games, a second play-ground has been secured from the field adjoining the first, and ample space is thus afforded for double sets of players at any game or games; close to the College are the croquet and archery grounds. The adjacent stream gives the boys excellent opportunities for bathing and swimming in the summer, and for skating in the winter. Students who wish may have flower-plots assigned to them for their own cultivation. The Committee are laying out the grounds (12 acres) in such a way as to make the naturally fine site of the College still more attractive, and give the students attending all the benefits and pleasures of free out-door life. It will be a chief aim of the officers and teachers to encourage in students a love of outside exercise, and no pains will be spared by the Committee to make this a prominent feature of the institution, so that the health of students may be secured in the best possible way, *viz.*, by fresh air and out-door recreation.

During inclement weather, and in the winter season, the Gymnasiums may be advantageously used.

Three Athletic Clubs have been established by the students—Archery, Foot-ball and Cricket,—and these, during the past year, have been very popular. The Cricket Club is capitally equipped. Archery is a favorite pastime with the young ladies, and their Club is well sustained.

## LITERARY SOCIETY AND READING-ROOM.

A Literary Society is conducted by the students, and meets every Friday evening during College Terms. This Society has proved to be one of the most useful features of the College. Its “Laws and Rules of Order” have been framed with the greatest care, and with the intent that all belonging to the Society shall gain such experience in methods of transacting business in public meetings, as will be most useful to them in the actual affairs of life. On each evening, also, debates are held, or essays read,

and readings and recitations given, which tend to train the participants in these exercises in facility and exactness of expression in public assemblies, and at the same time members are led to acquire and develop a taste for useful and elevating literature, by the study and thoughtful preparation which they must necessarily devote to any exercise which is assigned to them in the programmes from week to week.

The *College Cabinet*, the Society's manuscript paper, is read by the editors before the Society each Term.

The College Reading-room is also managed by the Society, and affords to members the most ample facilities for becoming acquainted with not only the current news of the day, but also the choicest periodical literature of the time. In fact, as will be seen from the list of papers and magazines furnished to the Reading-room, given in the Appendix, there is a larger supply of reading matter than a student can possibly avail himself of.

The affairs of the Literary Society are managed, conformable to the requirements of the Constitution, by a committee of members, called the General Committee, elected at the end of each Term. The names of the members of the General Committee are given in the Appendix.

During the past year, a course of Lectures, by prominent educationists and others, was given to the students of the College. These lectures were very numerously attended by friends of the College residing in the vicinity, and it is the intention of the management to continue them during the coming year.

#### SCHOOL LIBRARY.

This is kept in the Main School-room, in open shelves, for ready access, and is supplied with an Encyclopædia, Dictionaries, Atlases, full-bound sets of Entrance and Intermediate Examination Papers, University Examination Papers, and various other books of reference of great use to students in higher class work and side reading.

#### MUSEUM.

Steps are being taken to fit up a room suitable for a Museum. Through the kindness of Alfred R. C. Selwyn, LL.D., F.R.S.,

Director of the Geological Survey of Canada, a collection of Canadian Economic Minerals has been presented to the College. To increase the collection in the Museum, the Principal will gladly receive prepared birds and insects, fossils, antiquities, and rare or curious objects of any kind. The donor's name will be mentioned on the slips describing the specimens.

#### RELIGIOUS AND MORAL INSTRUCTION AND SABBATH OBSERVANCE.

The Superintendent is the representative in the College of the Society of Friends in all matters of a religious nature. All religious meetings are under his supervision, and for them special times are set apart.

Every day, morning and evening worship is conducted, either by the Superintendent or by some person appointed by him. School is opened and closed also by prayer and reading the Scriptures.

On Sabbath-day those students who are not Friends, and whose parents desire it, are allowed to attend their own places of worship (if the services are held in the day-time) at such hours as shall not conflict with the College' Bible School; all others are expected to attend the College Meeting. In Pickering there are, besides the Friends', the following places of worship: One Church of England, one Roman Catholic, one Presbyterian, one Methodist, one Bible Christian, one Disciples'.

All students are accompanied to their respective places of worship by some teacher or proctor.

On Sabbath afternoons Bible School is conducted by the Superintendent and assistant teachers.

On Sabbath mornings and evenings, meetings for worship are conducted by the Superintendent.

NOTE.—All students are expected to attend the Bible School and the Sabbath Evening Meetings, unless excused for good and sufficient reasons by the Superintendent.

Prayer-meetings, attendance upon which is voluntary, are held once a week. The Management hope to make good influences the brightest feature in the School.

## TERMS AND FEES.

The College year is practically contemporaneous with that of High Schools. Hence there are three Terms in the year.

For the year 1884-85, the Autumn Term commences September 1st, and ends December 22nd; 16 weeks. *Fees*—for Male Students, (a) \$72, (b) \$76; for Lady Students, (a) \$68, (b) \$72.

The Winter Term commences January 5th, and ends March 30th; 12 weeks. *Fees*—for Male Students, (a) \$54, (b) \$57; for Lady Students, (a) \$51, (b) \$54.

The Spring Term commences April 6th, and ends June 29th; 12 weeks. *Fees*—for Male Students, (a) \$54, (b) \$57; for Lady Students, (a) \$51, (b) \$54.

(a) Fees for Friends and children of ministers: (b) for all others.

The above fees are payable in advance at *the opening of the Term, either by cash or by approved note*, and include board, washing, care of rooms, fuel, lights, tuition, and all necessary expenses except books and stationery. All fees are to be paid to the Superintendent, who will draw on parents and guardians not paying in the regular way.

No allowances are made for short absences, or for absences during the first or last two weeks of a Term. Students are admitted at any time, and with these exceptions are charged *pro rata* from date of admission.

The Fees for Day Students are \$16 for the Autumn Term, \$12 for the Winter Term, and \$12 for the Spring Term; also payable in advance.

In cases of protracted illness, students will be allowed to furnish satisfactory substitutes for the remainder of the Term, or to make up the time of their absence themselves, the next Term. If students should leave the College for any other cause, or be suspended, or expelled, they will forfeit their fees for that Term.

## EXTRAS.

*Per Term of Ten Weeks.*

Instrumental Music .....	\$8 00
Vocal Lessons .....	8 00

Choral Class.....	\$1 00
Use of instrument one hour daily .....	2 00
(Additional time at a <i>pro rata</i> charge.)	
Drawing .....	4 00
Painting in Oil or Water Colors .....	8 00

As students are received only for the College Terms, Autumn, Winter and Spring, the fees for Extras are proportional to the above amounts.

One lesson per week is given by Mr. Kerrison in music, or two lessons by Miss Slater.

#### APPLICATIONS AND ADMISSIONS.

Each application should state the age and standing of the applicant; the examination, if any, which it is wished to prepare for; whether a member of the Society of Friends or not; and should be accompanied by satisfactory evidence of good moral character. No student will be received who has been dismissed from any school or college on account of bad conduct, or in regard to whom there is any such suspicion.

Students coming from a distance are expected to reside in the College, and should, if possible, be present on the first day of each Term, on which day the allotment of rooms is made. In making the allotment reference will be had, as a general rule, first to seniority of residence, secondly to priority of application.

NOTE.—All students on coming to the College are requested to have all their articles of linen and underclothing legibly marked with their names in ink. The rooms are furnished. Students are, however, expected to bring slippers to wear in the study rooms, also towels, lamp, and wash-bowl and pitcher, for their private use. The latter may be obtained in the Village.

#### CONCLUSION.

It is the purpose of the Society of Friends, and of the promoters of Pickering College, in endowing and maintaining it, to give to all students who attend it, as far as possible, a thoroughly useful and well-grounded liberal education, at the lowest possible cost. None but earnest students, those willing to work, are

invited to attend. There are no prizes or scholarships; there is no marking system; nor is any inducement held out to students to work and study, except the satisfying of their sense of duty, and the pleasure which comes to those who endeavour to acquire knowledge for its own sake. At the same time, such discipline is enforced that no student is allowed to idle.

Any parent or guardian who may wish it may have from the Principal, as often as necessary, a written report of the conduct and progress of any student in whom he is interested. During the past year such reports have been sent fortnightly to the parents and guardians of all younger students.

It may be added, that it is the hope of the Committee that many young men and young women who desire to prepare for some examination, or to pursue a course of study, but whose earlier education has been neglected, will find in Pickering College the kind of help and instruction they require, without the disagreeableness of being forced to submit to the grading and classification which are essential to large Government institutions.

Applications for admission may be addressed to the Principal, who will be happy to furnish any further information in regard to the College, or any of the examinations for which it prepares candidates.

---

## APPENDIX.

Williams, Letitia A.	Chicago	Presbyterian .....	Preparatory.

## II. CONDUCT RULES.

*[It is understood that all patrons and students of the College, by the fact of becoming such, assent to the Conduct Rules, as well as to the Regulations respecting all Fees and Dues.]*

### EXTRACTS FROM GENERAL RULES OF CONDUCT FOR RESIDENT MALE STUDENTS.

1. All Male Students of the College are under the charge of the House-master, whose duty it is, with the assistance of the other Resident Masters, to supervise their conduct and deportment, to correct for all ordinary delinquencies, and to report misconduct of a graver nature to the Principal.
2. Male Students are requested to refer all ordinary permissions to the House-master, or in his absence to one of the Assistant Masters, who will as a rule decide them, but may, if he prefers, refer them to the Principal.
3. Unless with special permission, Male Students are not to be beyond College bounds on school days, except on afternoons between the hours of School Closing and the first Evening Bell. On holidays, Students who have permission to study in their rooms may leave bounds between Morning Worship and first Evening Bell. All others are expected to obtain permission before leaving bounds in the forenoon. In case of any misuse of these privileges, or of any misconduct on the part of the Students, these exceptions, or either one of them, may be withdrawn, either for one or more Students, or for the entire residence, and for such time as may seem best to the House-master or Principal.
4. No Student is allowed out of College bounds from first Evening Bell to first Morning Bell without express permission from the Principal, or, in his absence, from the House-master.
5. Male Students during recreation hours, must occupy their own side of the College grounds.
6. All Male Students are expected to attend the Morning and Evening Study in the Main School-room, unless excused by the Principal. Steadiness of character, College standing and age, are chiefly considered in granting Students permission to study in their own rooms. Students taking full University or Third

Class work are allowed this privilege during good behavior. Such Students must remain in their own rooms during the regular study hours.

7. Students are not allowed to carry firearms nor to keep them in their rooms.

8. All detriments to the College building or furniture, whether by defacement, by breakage or otherwise, will be charged to the persons causing such detriment; and "defacement" shall be considered to include carving or cutting with a knife, writing, scratching, scrawling or drawing, with a pen, pencil, chalk or otherwise.

9. Drinking wine, beer, or spirituous liquors, the use of tobacco in any manner and in any place, profane swearing and card-playing, are STRICTLY FORBIDDEN. A Student found guilty of any of these practices will for the first offence be admonished, for the second offence reprimanded, and for the third suspended, and, after investigation by the College Committee, expelled.

---

EXTRACTS FROM GENERAL RULES OF CONDUCT FOR RESIDENT  
LADY STUDENTS.

1. All Lady Students of the College are under the charge of the Governess, whose duty it is, with the aid of the Assistant Governess, to supervise their conduct and deportment, to correct for all ordinary delinquencies, and to report misconduct of a graver nature to the Principal.

2. Lady Students are requested to refer all ordinary permissions to the Governess, or in her absence to the Assistant Governess, who will as a rule decide them, but may, if she prefers, refer them to the Principal.

3. Every afternoon, weather permitting, young ladies are expected to walk out together for exercise. The Governess will arrange for the time and direction of these walks, and will either accompany the young ladies herself or provide a substitute.

4. All Lady Students are expected to attend the Morning and Evening Study in the Main School-room, unless excused by the Principal.

5. Students are expected to remain in their own rooms after the Retiring Bell rings, and to retire at the time indicated by the Governess. No Student will be permitted to study later than 11 p.m.

6. No Student is allowed out of College bounds from first Evening Bell to first Morning Bell without express permission from the Principal, or, in his absence, from the Governess.

7. Lady Students are expected at no time to go beyond College bounds unless they have obtained permission.

8. All detriments to the College building or furniture, whether by defacement, by breakage or otherwise, will be charged to the persons causing such detriment.

NOTE.—The above Rules and Regulations are not intended to be harsh or severe. They are made simply for the well-being of Students and the good government of the College. As the duties of the House-master and Governess are in themselves sufficiently onerous, it is particularly requested that all Students under their care will, in a cheerful and courteous manner, conform, as far as possible, to the Rules of the College, and thus render their duties much less irksome than they otherwise would be.

#### HOUR TABLE.

##### A.M.

6.00	Morning Bell.	
6.25	Morning Study .....	First Bell.
6.30	“ “ .....	Second Bell.
7.25	Breakfast.....	First Bell.
7.35	“ .....	Second Bell.
7.55	Morning Worship.	
8.55	School .....	First Bell.
9.00	“ .....	Second Bell.
10.45	School recalled .....	First Bell.
10.50	“ “ .....	Second Bell.
12.00	School dismissed.	

##### P.M.

12.15	Dinner .....	One Bell.
1.25	School .....	First Bell.
1.30	“ .....	Second Bell.
4.00	School dismissed.

6.00	“ .....	Second Evening Bell.
6.30	Evening Worship.	
6.55	Evening Study .....	First Bell.
7.00	“ “ .....	Second Bell.
9.00	Study dismissed.	
9.30	.....	Retiring Bell.

NOTE.—When the season requires it, the bells preceding First School Bell will ring thirty minutes later, respectively.

Parents, guardians, and students will please observe that a cheerful obedience to the above General Rules and Regulations will be the conditions on which students remain in the College. Severe, or even frequent, punishment of any sort will not be resorted to. Gross misconduct or violation of rules will be met by instant suspension, and, after investigation by the College Committee, by dismissal. Persistent misconduct, even of a trifling nature, will be similarly dealt with.

IV. THE READING-ROOM.

The Newspapers and other Periodicals supplied to the Reading-room are contributed partly by the Officers and Teachers of the College, partly by friends, and partly by the Students individually, but principally by the Literary Society of the Students, which during the past year assumed control of the Reading-room.

The following is a list of the papers and magazines supplied during the past year:—

<i>Globe</i> , Toronto .....	Daily.
<i>Mail</i> , Toronto .....	"
<i>Christian Guardian</i> , Toronto .....	Weekly.
<i>Canadian Baptist</i> .....	"
<i>The Gazette</i> , Montreal .....	"
<i>Huron Signal</i> , Goderich .....	"
<i>Times</i> , Brooklin .....	"
<i>News</i> , Pickering .....	"
<i>Gazette</i> , Whitby .....	"
<i>Gazette</i> , Barrie .....	"
<i>The Week</i> , Toronto .....	"
<i>Mercury</i> , Guelph .....	"
<i>Muskoka Herald</i> , Bracebridge .....	"
<i>Chronicle</i> , Whitby .....	"
<i>News Record</i> , Fergus .....	"
<i>Musical Record</i> , Boston .....	"
<i>Sentinel Star</i> , Cobourg .....	"
<i>Publisher's Weekly</i> , New York .....	"
<i>Times</i> , Peterborough .....	"
<i>Harper's Weekly</i> , New York .....	"
<i>Standard</i> , Port Perry .....	"
<i>Grip</i> , Toronto .....	"

<i>Telegraph</i> , Berlin .....	Weekly.
<i>Canada Presbyterian</i> , Toronto .....	"
<i>Ontario Reformer</i> .....	"
<i>Canadian Farmer</i> , Welland .....	"
<i>Gazette</i> , Picton .....	"
<i>Reporter</i> , Galt.....	"
<i>Christian Worker</i> , Chicago .....	"
<i>Young Christian Soldier</i> .....	"
<i>Evangelical Churchman</i> , Toronto .....	"
<i>Weekly Banner</i> , Chatham.....	"
<i>Canadian Illustrated News</i> , Montreal .....	Weekly.
<i>Planet</i> , Chatham .....	"
<i>Witness</i> , Montreal .....	"
<i>Herald</i> , Guelph .....	"
<i>L'Aurore</i> , Montreal .....	"
<i>The Armory</i> .....	"
<i>The Christian</i> .....	"
